Dear Mr. Cordingley:

Your letter dated November 7, 2024, requesting cancellation of Outer Continental Shelf (OCS) Pipeline Right-of-Way Bond No. 015042498, in the amount of \$300,000, was received by our office on November 8, 2024. This bond, conditioned to cover the principal's pipeline operations in the Gulf of Mexico, was executed on October 3, 2014, with Hess GOM Deepwater LLC as principal and Liberty Mutual Insurance Company as surety.

Pursuant to 30 CFR 556.906 (d)(1) your bond may be cancelled seven years after the termination of the lease, six years after completion of all bonded obligations, or at the conclusion of any appeals or litigation related to your bonded obligation, whichever is the latest. These criteria have been met.

The Bureau of Ocean Energy Management has no objection to cancellation of the above bond. Therefore, Bond No. 015042498 is considered cancelled without residual liability, effective November 27, 2024, the date of final concurrence with such cancellation.
